Learning**

Apple

Red and Round

Pen

Long and Sharp

Learn Features

If you can teach your computer how to do your work in such a way that nobody can find if your have done it or computer has done it..!

Teaching a Machine..

**Machine
Learning**

Vs

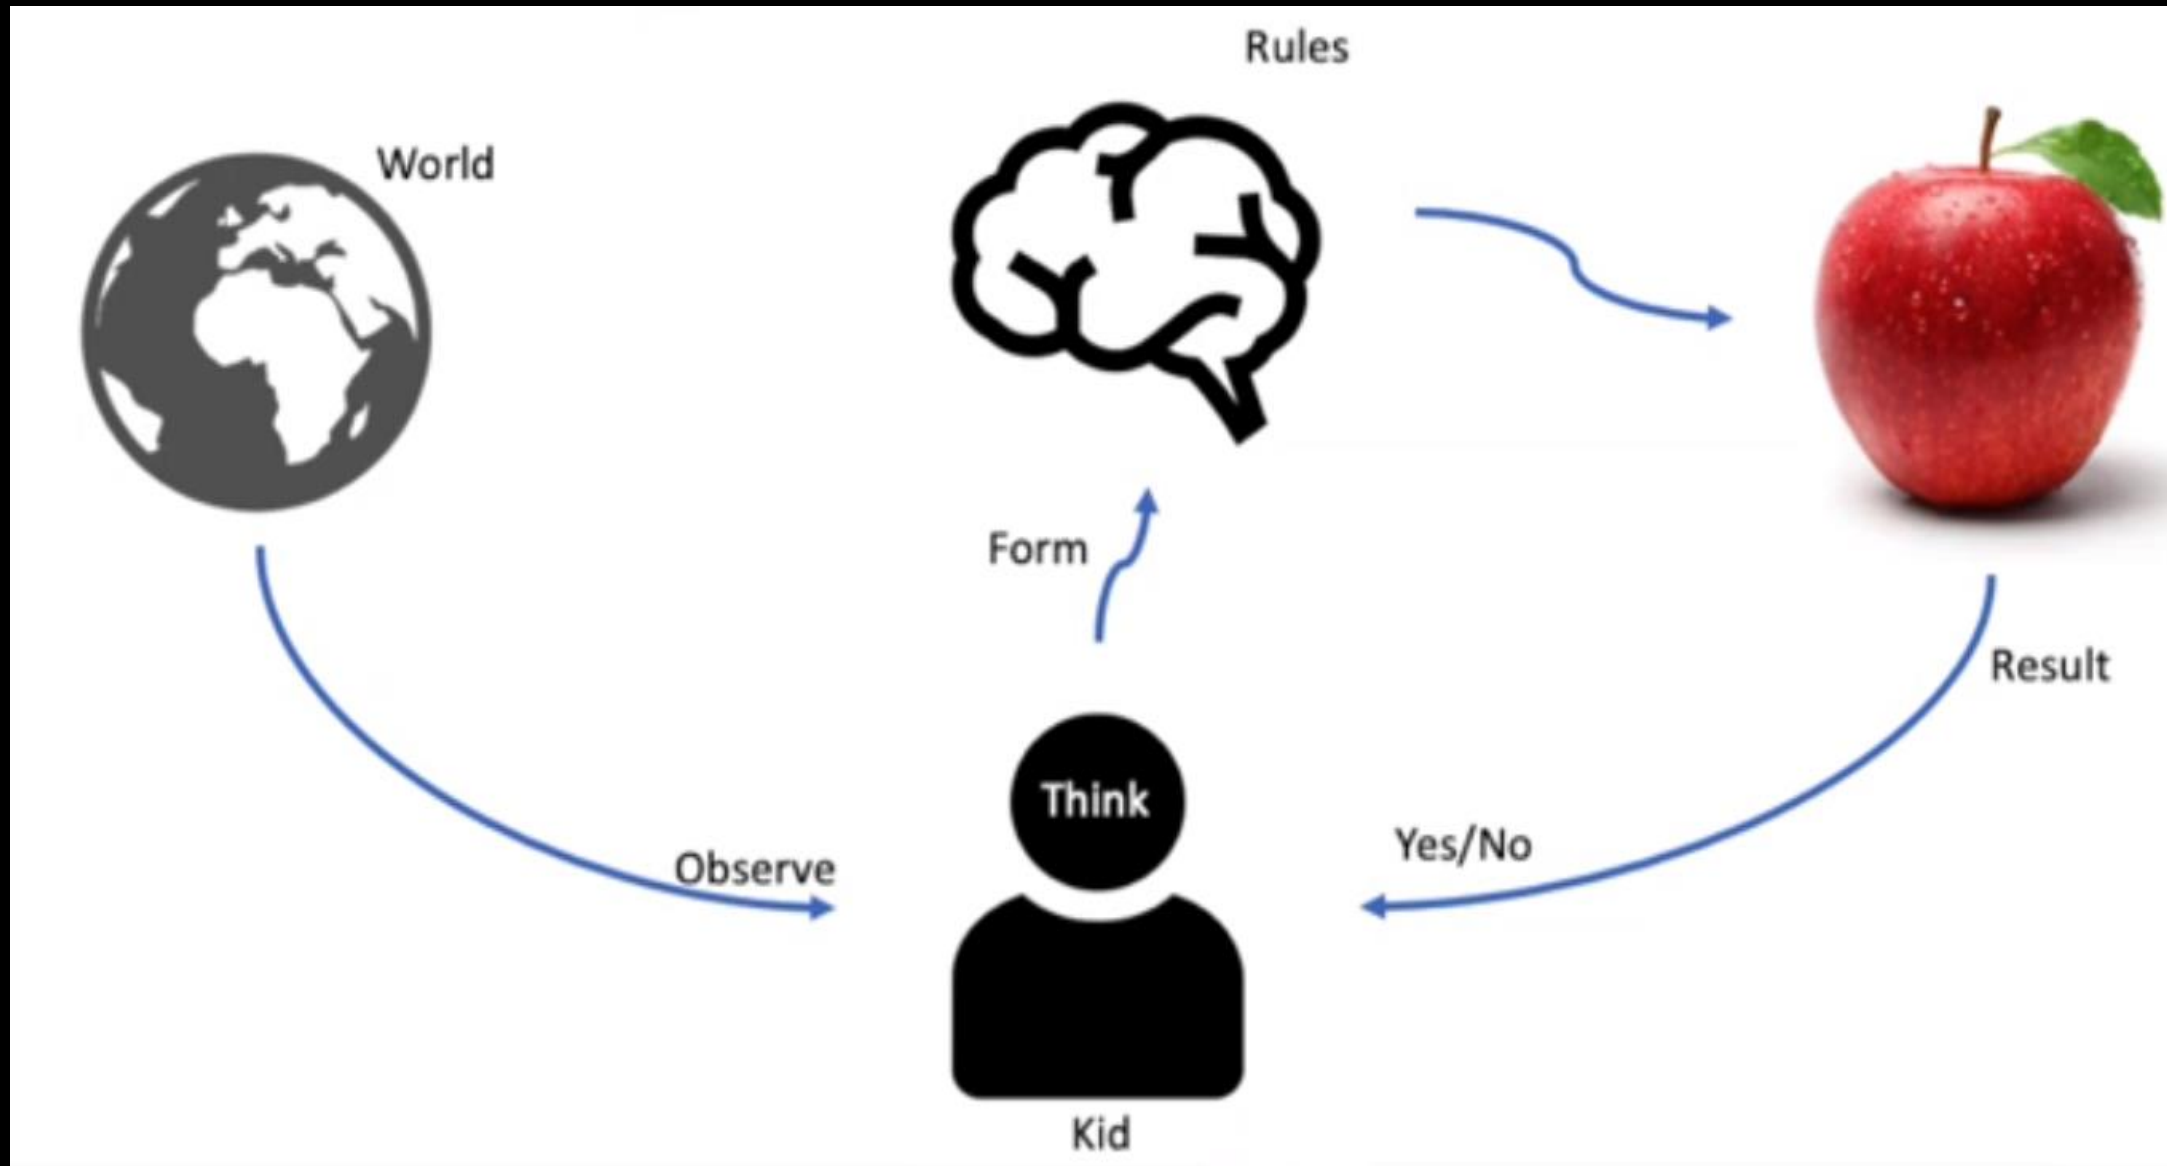

Red, Green and Round

Long, Sharp and any colour

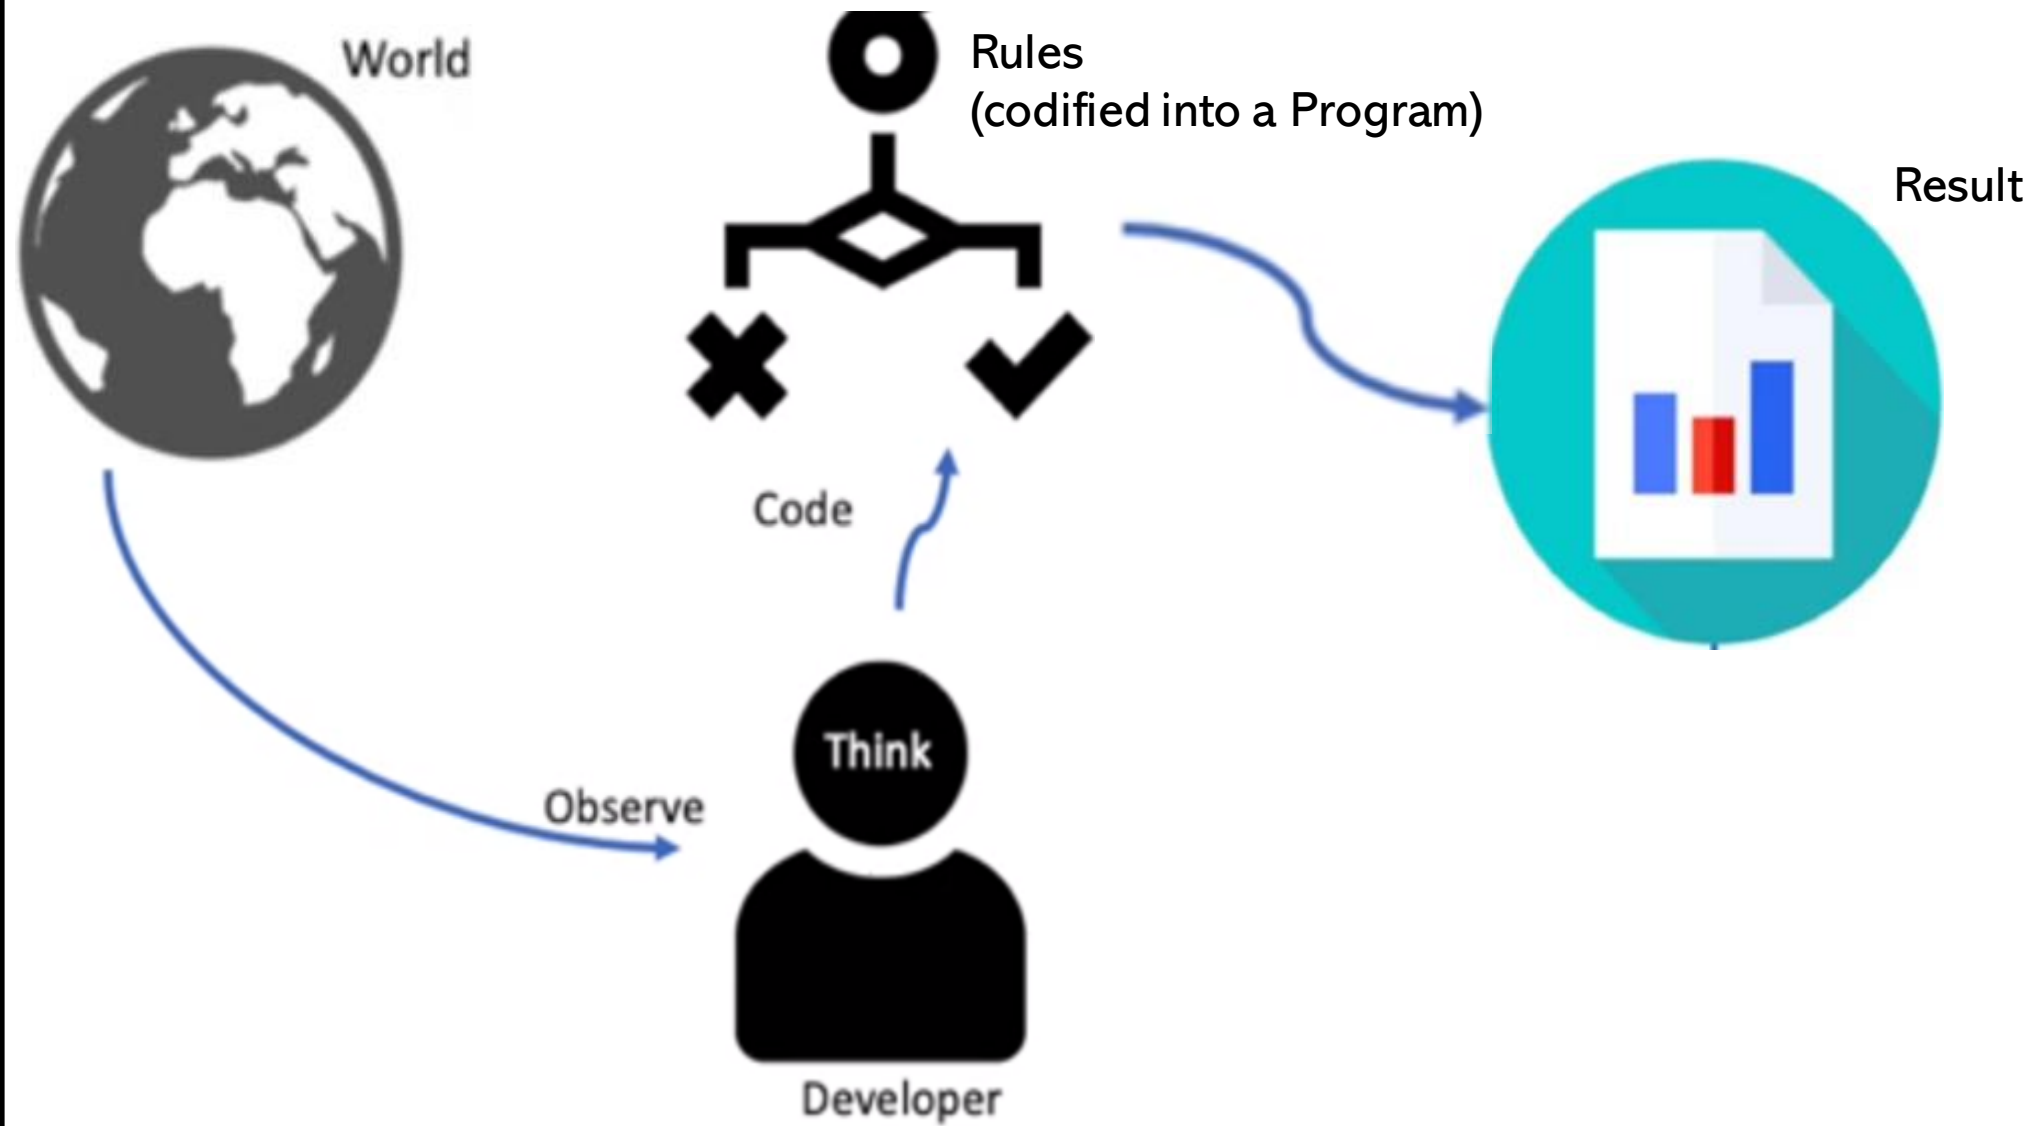

Teach Machine with more data & more features

More the learning, more
intelligent the machine becomes.

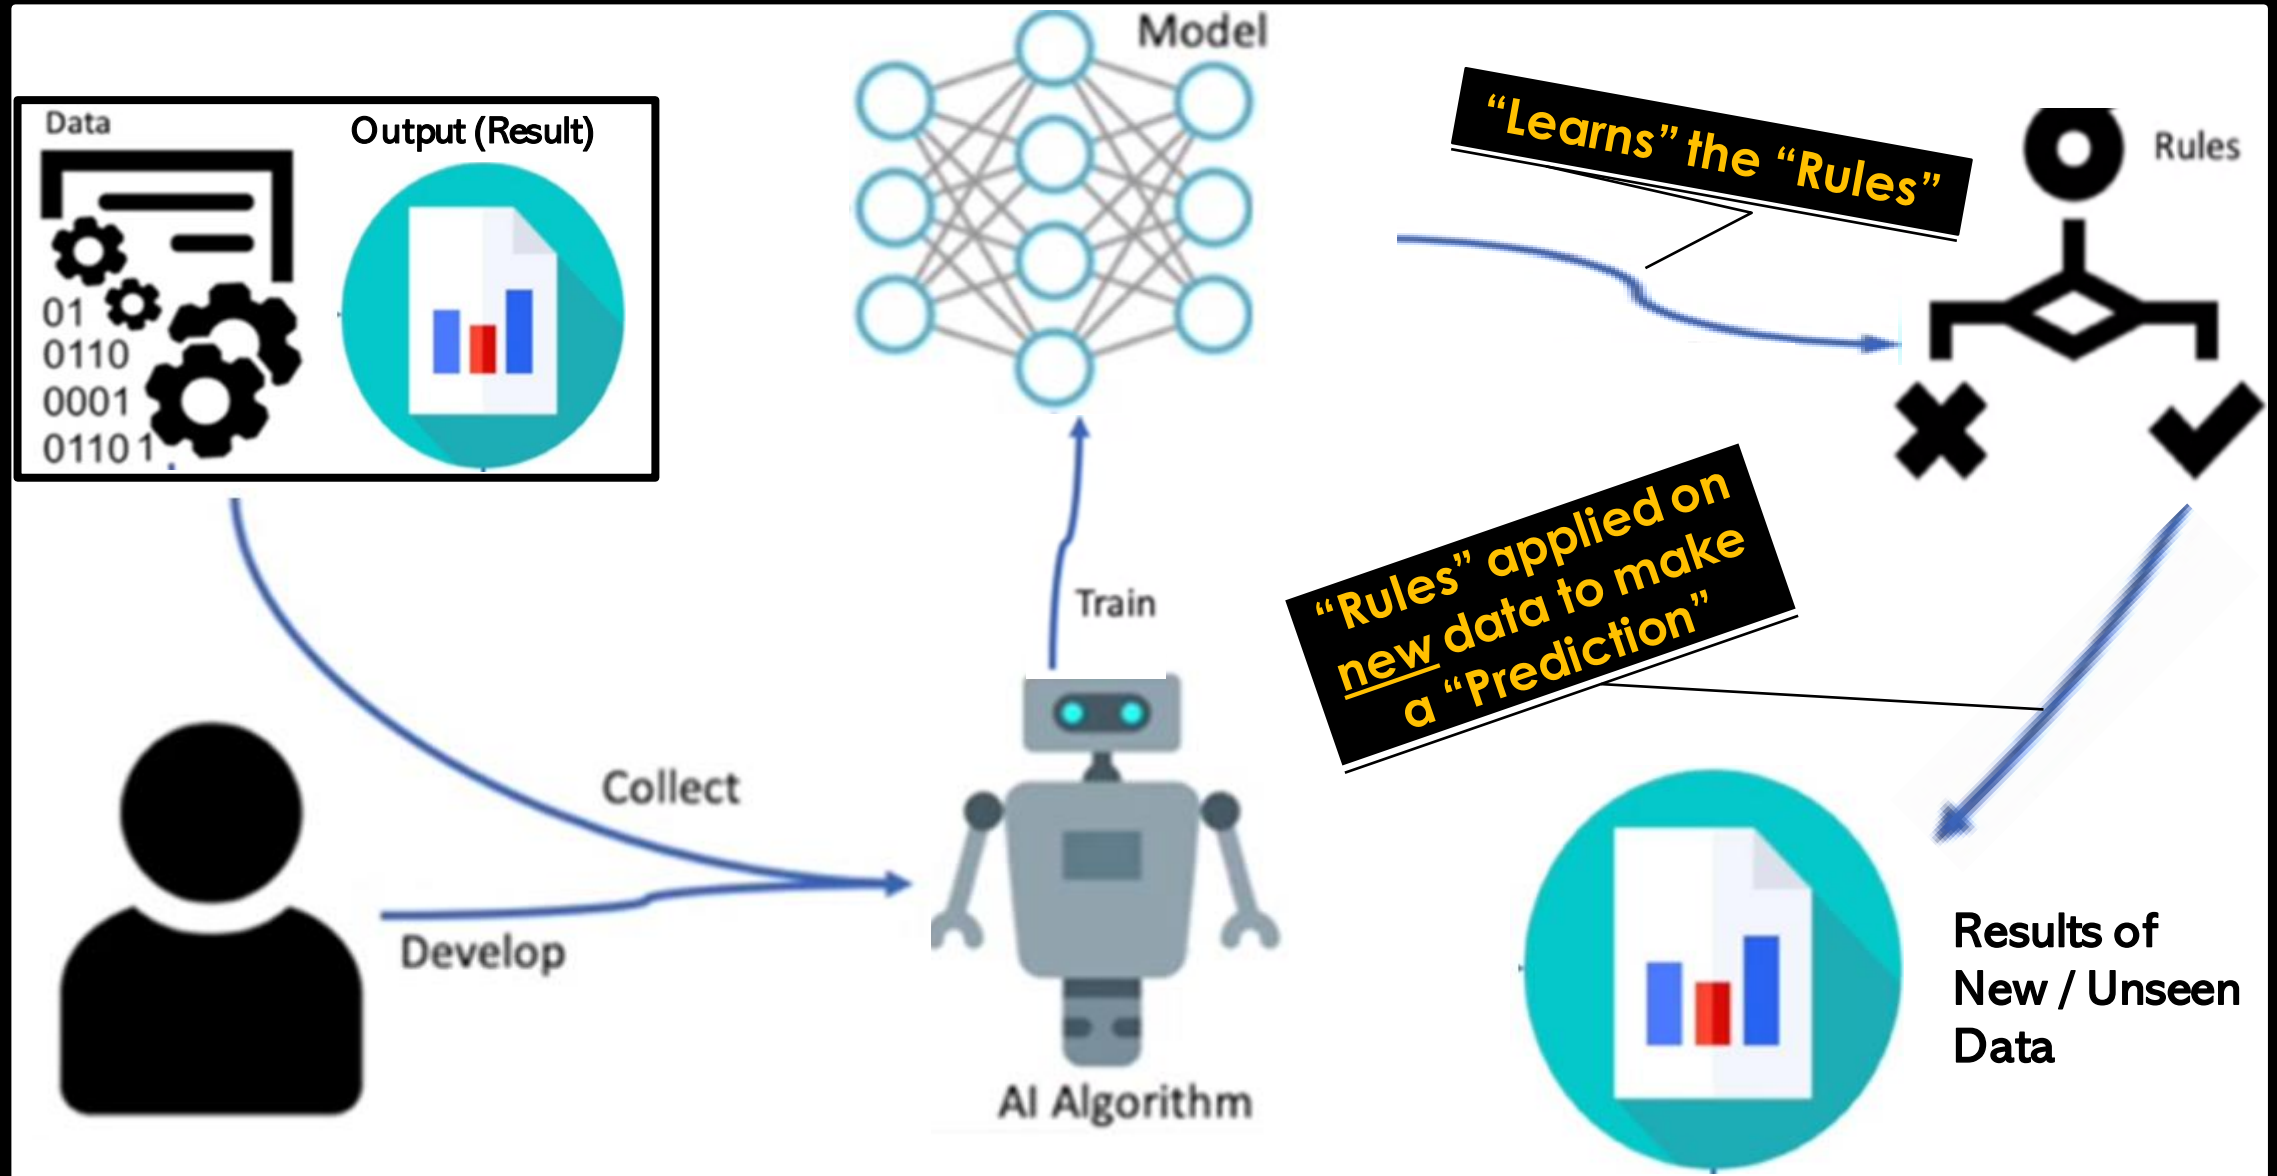

HOW DOES A KID LEARN?

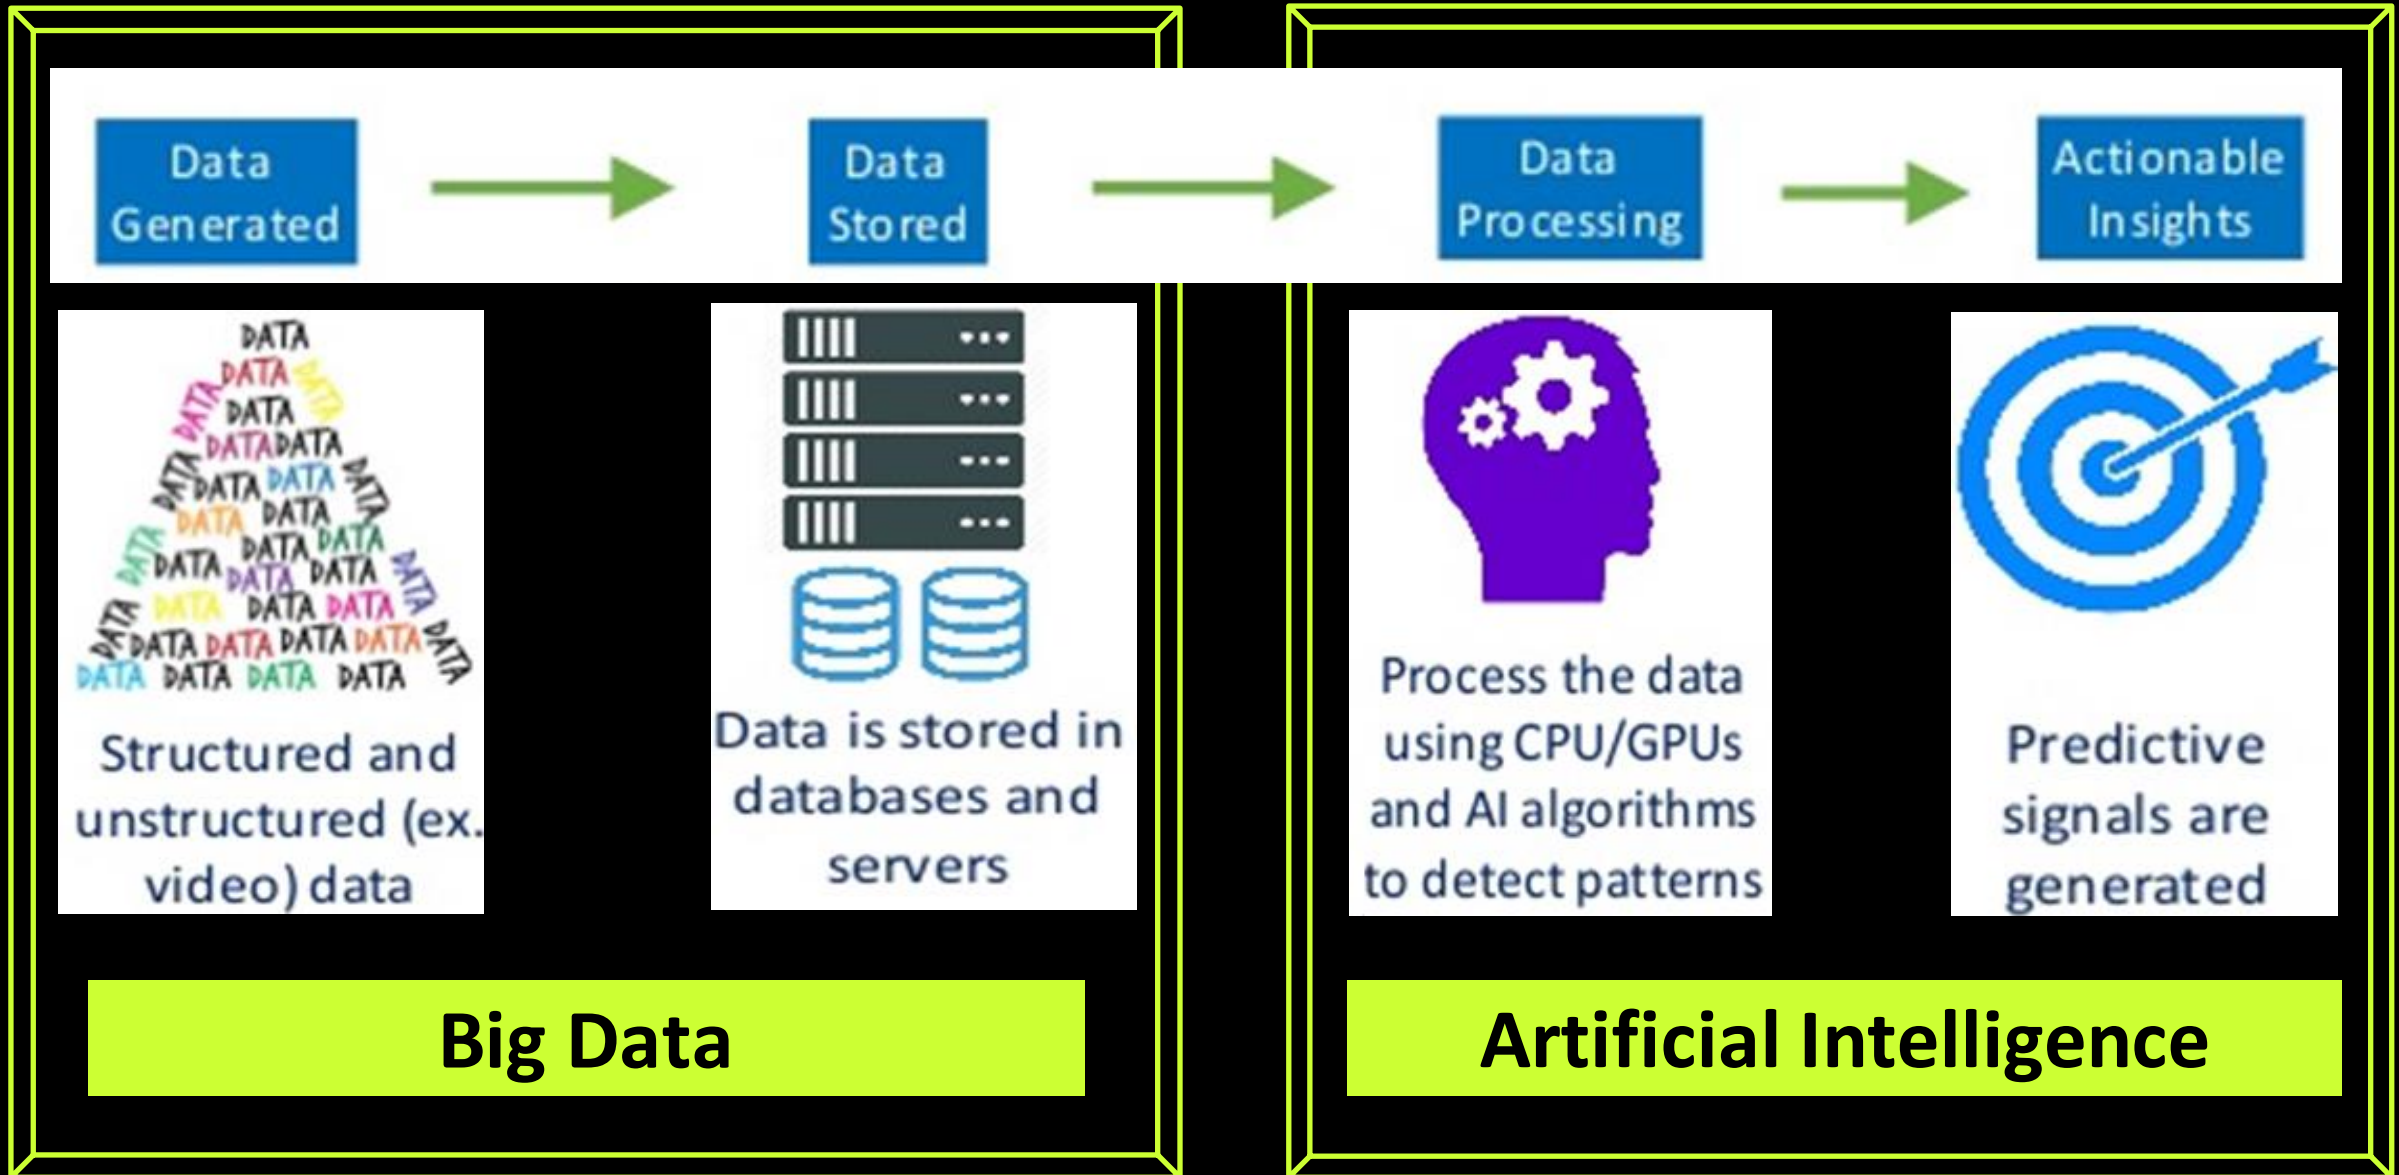

TRADITIONAL PROGRAMMING

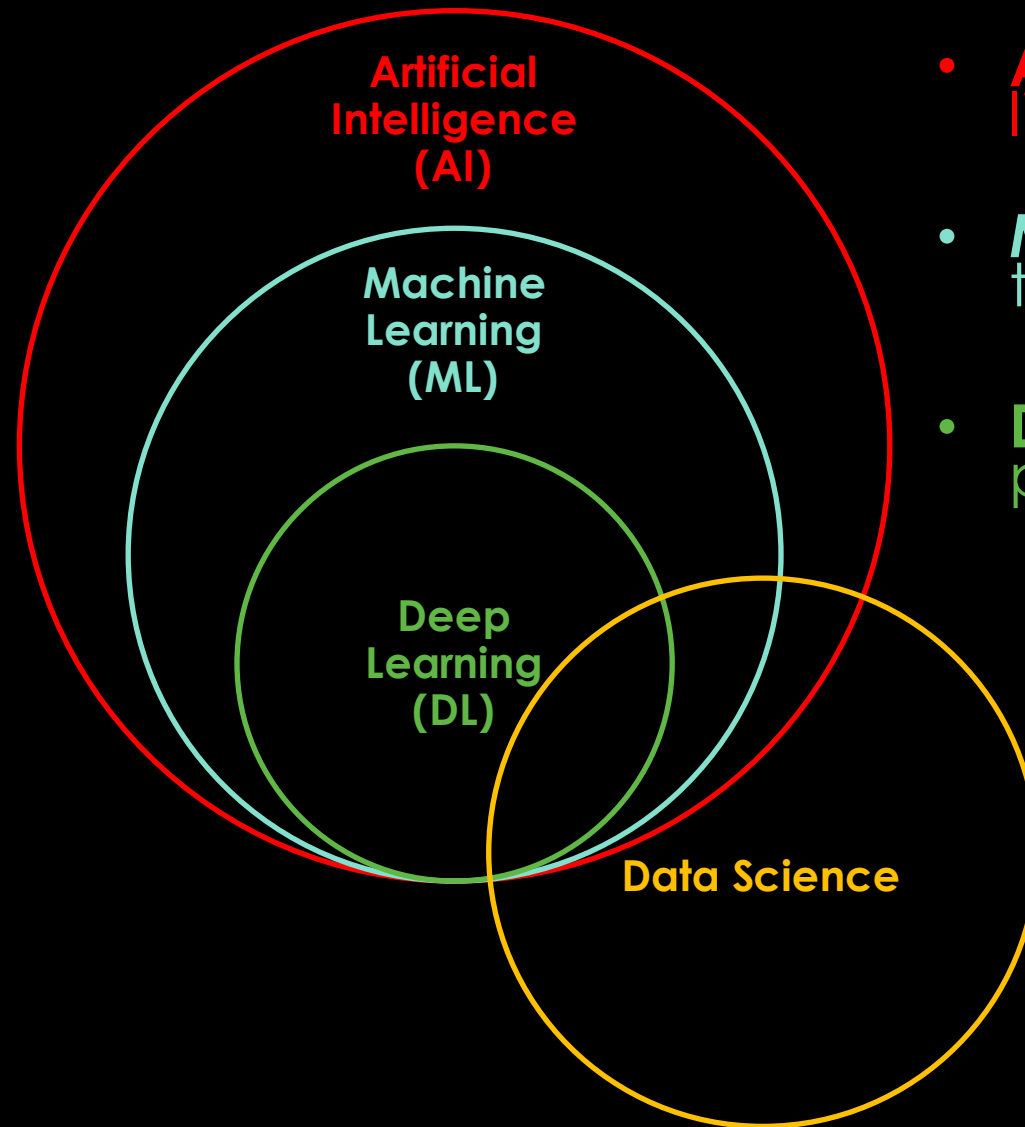

MACHINE LEARNING PROGRAMMING

LOOK AT THE ENTIRE PROCESS..

AI VS ML VS DEEP LEARNING VS DATA SCIENCE

- **AI:** Enable computers to think like humans
- **ML:** A bunch of Statistical tools to learn from data
- **DL:** Involves multiple layers for predictive computation
- **What is Data Science?**
Making sense of data using AI, ML, DL techniques
- Involves:
Probability, Statistics,
Linear Algebra,
Numerical Optimization etc.

Human Brain - Neurons

Mimicking Human Brain

NLP VS COMPUTER VISION VS ROBOTICS

→ Numbers: **Predictive Modeling**

→ Language [Text & Speech]: **NLP**

→ Image, Videos: **Computer Vision**

→ Preferences: **Recommender Systems**

→ Motion: **Robotics**
